TESTIMONIALS

I enjoy the meetings because it makes me feel as though I'm assisting my community in building stronger bonds and being a part of fulfilling Waldo County's potential. **-Sara Brown Hayford Hill**

TESTIMONIALS

I've never been one for mingling or making small talk with people I don't know. I don't even know how to introduce myself and I always feel awkward.... but Tonight was still great... When I participate in events, I don't usually feel accepted... but tonight, for the first time... I really did. -
